

GENIE PRESTO

Concrete Floor Burnishing Machine Gear Driven Planetary

The Genie Presto High Speed Burnishing / Polishing Machine is perfect for locations that does not allow propane fuels. Perfect for daily cleaning maintenance, burnishing projects, and polishing. The Genie Presto has a variable speed switch with a high RPM, larger working path, and more powerful motor than similar machines in the market. This powerful floor burnisher is not only more efficient, it reduces both labor cost and time.
